### BUDGET BILLING PROGRAM

#### I. APPLICATION

This program is designed to bill an amount approximately equal to the monthly average and avoid the seasonal variations electric bills. It does not reduce the total annual billing, but will avoid the monthly variations and help Members fit the electric bill in their monthly budget. Enrollment is available at the Member's option and all provisions within the governing rate apply.

#### II. AVAILABILITY

The Budget Billing Program is applicable to electric service furnished under Schedule RS and S of the Cooperative. All provisions apply. Enrollment is optional. Service under this program is subject to Standard Terms and Conditions for Electric Service of the Cooperative.

#### III. TERM

The Member chooses the beginning month, which will coincide with the Member's established billing cycle, and will continue for the next eleven months. The Member will be notified in the twelfth month of each annual period and the program will be automatically extended for an additional year, unless the Cooperative receives notification from the Member.

#### IV. CONDITIONS

- The current bill must be paid with a zero balance on the account.
- Member will be removed from the program after written notification from the Cooperative if the Member does not make payment in a timely manner.
- Should the Member terminate service, elect to be removed, or be removed for cause; any account balance will be due and payable on the next due date for the specific Member following date of termination. If the account has a credit, either a check may be issued or a credit will be carried forward to the next billing.
